Dear Mr. Robinson:

Your letter of September 20, 1973 asking whether this Agency has published an atlas of the Soviet Union took a long time getting to the right desk. I apologize for the delay.

The answer to your question is no, we have not published such an atlas. I cannot say when one might be available - certainly not within 1-2 years.

Thank you for your interest and inquiry.

Sincerely,

 STATINTL  
Deputy Director  
Basic and Geographic Intelligence
